Kapci Degreasers

Product description

Kapci Degreasers are especially designed for use in the preparation process to remove dirt, grease, and other contaminants from surfaces.

Kapci 606 Degreaser is a product used as a step of the preparatory process for removing of grease, wax, dirt, and other contaminants from bare metal.

Kapci 605 Degreaser is a preparatory product suitable for degreasing and cleaning of sanded surfaces and old finishes.

Application

- Saturate a clean cloth with Kapci 605 or Kapci 606 Degreaser;
- Apply to areas to be painted and adjacent panels;
- Wipe off surplus degreaser with a clean dry cloth; do not allow the degreaser to dry on the surface.

Health and Safety

1. For full Health and Safety information refer to the Material Safety Data Sheet (MSDS).
2. Observe the precautionary notices displayed on the container.
3. Goggles and suitable protective equipment must be worn while using these products.
4. Good ventilation must be provided in the working environment.

This product is for the professional painting of automotive vehicles only after reference to the manufacturer's Material Safety Data Sheet (MSDS).

IMPORTANT NOTE: These products are for professional use only. The information in this Technical Data Sheet is based on our best knowledge and given for information purposes only without any obligation as we do not have control over the quality and conditions of the surface, or over many factors affecting the use and application of the product. Always read the Material Safety Data Sheet and the Technical Data Sheet for this product if available.
